

Yphise certifies **AMBERPOINT SOA Management System
as the best ranked software product in comparison with the
competition for Service Monitoring and Management (SMM)**

Yphise certifies that the product has the strengths that represent a valuable investment according to expected benefits by large companies, based on ISO 9001:2000-certified assessment.

Certificate No 080301 valid until March 31, 2009. The detailed results are released at <www.yphise.com>.

Yphise puts forward recommendations that are based on its independent research program aimed at identifying the best software products in order to optimize IT cost, value and risk.

The four dimensions above aggregate more than 135 functional or technical assessment items. The Yphise List of Requirements is practical in order to evaluate the capacity of the products to attain the expected return on investment; it is also proactive in order to evaluate product prospects.
